Custom executive 4-bed, 3-bath home on a private 0.57 acre lot framed by mature landscaping and a stately shade tree. Instant curb appeal with an extra-wide concrete drive flanked by brick pillars, sidewalk approach, and a covered front porch with stone accents. Inside, you're greeted by soaring ceilings, rich trim, refinished hardwoods, and extensive crown molding. The living room centers on a gas fireplace with display niche; glass-paneled French doors lead to a flexible home office/formal dining enhanced by upscale wainscoting/box-panel trim for a tailored look. The cooks kitchen features Corian counters, stainless appliances (incl. trash compactor), tile backsplash, deep storage drawers, abundant cabinetry, and a sit-at island bar. A window-wrapped breakfast nook floods the space with natural light. An oversized laundry room adds a folding station and full cabinetry. The primary suite offers a vaulted ceiling, direct patio access, and a spa bath with Jacuzzi tub, dual vanities, separate shower, and walk-in closet. A smart split plan adds two secondary bedrooms with generous closets and a hall bath with dual sinks and extra storage. Upstairs, a private suite with full bath is perfect for guests, a college student, or a game/media room. Outdoor living shines: a covered back porch with brick columns, additional grilling patio, privacy-fenced backyard, and a storage building. The 3-car garage accommodates vehicles, hobbies, or boat/PV
